SEESAW

Dear Parents / Carers,

All Kindergarten, Year 1 and Year 2 classes will be using the *Seesaw* app for students to create digital portfolios of work and as a tool to build a greater connection between home and school, providing parents a greater insight to the learning that is taking place in the classroom.

Upon enrolling your child at Mosman Public School you may have given permission for them to access the school network and the Internet. If you have not provided these permissions, you will be provided with an additional note requesting permission before your child can access *SeeSaw*. Please note that to allow your child access to the *Seesaw* app through the school, we are required to inform you about the provider's privacy terms and conditions. Please read the information below carefully and return the signed form to the school if you agree to the service provider's conditions and give permission for your child to access this service.

Seesaw will allow teachers and students to post work samples, photos, videos and voice recordings to their personal portfolio so that parents/carers are able to see their work throughout the year and view/observe progress. Information posted by your child is accessible by **their parents/carers only** unless they have worked in collaboration with other students on a task. In this instance, parents of all of the students involved in the piece of work will have access to the post. This is a forum for positive feedback and will be closely monitored by the class teacher as moderator. We recommend that you take a few moments to familiarise yourself with the parent tutorial provided by *Seesaw*. Teachers will ensure there is at least 1 sample of work for each term. After that the *Seesaw* portfolio will be student driven. Students will be encouraged to add work samples to their portfolio, however, it will be up to each child to choose and post their work. Each item will be approved by the teacher. It will be at the teacher's discretion to enable the option for parents to comment and/or like student journal entries and whole class posts. Only students with permission will be included in whole class posts.

 -----return to your child's class teacher-----

SEESAW ACCESS ~ PERMISSION

- I **consent** to my child's information being supplied to *Seesaw* for the purpose of accessing the *Seesaw* App to create a digital portfolio
- I **do not consent** to my child's information being supplied to *Seesaw* for the purpose of accessing the *Seesaw* App to create a digital portfolio

Student's name: _____ Class: _____

Parent/Carer name: (please print): _____

Parent/Carer signature: _____

Date: _____

Please note – A separate form will need to be completed for each student.

Name of Provider: Seesaw
Type of Service: Student-driven digital portfolios
Website: <http://web.seesaw.me/>

Summary Terms and Conditions:

As a registered school user, Seesaw will have access to your child's first name, class, school and work that has been uploaded to their digital portfolio. It is important to note that Seesaw doesn't own the content provided – students and their schools own all student data added to Seesaw.

Seesaw Privacy Policy:

Please see visit <https://app.seesaw.me/about/privacy> for full information about the Seesaw's privacy policy.

If you have any questions for your child's teacher, please contact them via email to the school account [above].

Please complete the permission slip overleaf and return it to your child's teacher.

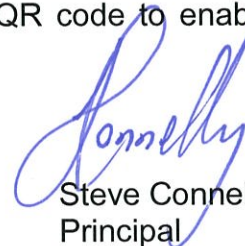

Upon receipt of the completed permission slip, your child will be given a QR code to enable you access to their portfolio.
