

Remote Learning ~ 2021

As advised in the media, there will be minimal supervision available in schools this week and parents are urged to keep their children at home to participate in remote learning. Parents are also advised that 1 unit of work is provided to cater for students learning from home and those who are on-site.

Tuesday July 13 - students are to complete **learning suggestions** [attached & also on the school's website] in an exercise / on paper / electronically and submit via Google Classroom / Seesaw.

Wednesday Jul 14 to Friday July 16 - students are to complete their **Stage Booklet** downloadable attachment on a printed copy if you have the facility, or in an exercise / on paper / electronically and submit via Google Classroom / Seesaw.

Submitting work / feedback from the teacher:

Kindergarten to Year 2:

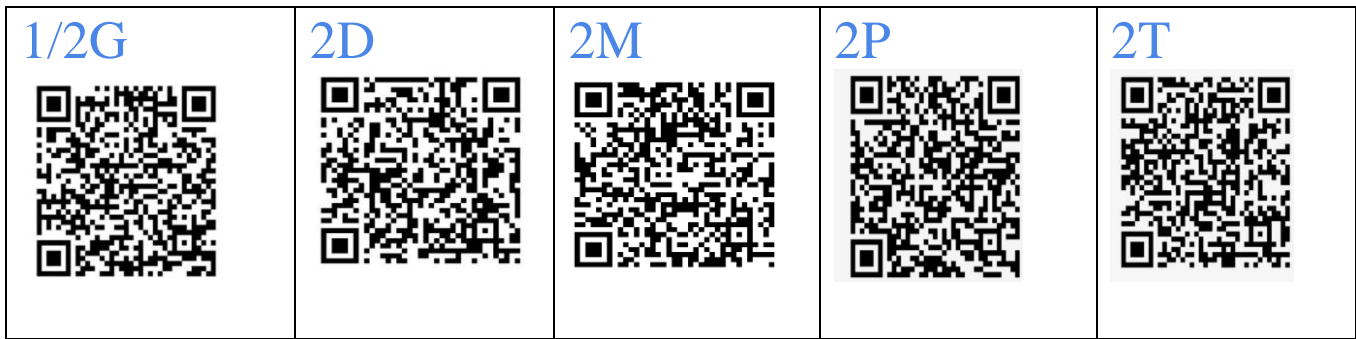

Log out of your parent Seesaw / download the Seesaw App for students on your iPad, computer or phone.

Please find your child's class QR code [below] and scan the code. This will connect your child to the class learning journal.

Once Seesaw has been logged in, you will be able to take photos of your child's work by pressing the green plus button and adding a photo or video. Please ensure you click only your child's name when you post the photos.

Years 3 to 6:

Students will need to join the **new** Remote Learning Google Classroom for communication & submission of work using their class code [below]. This video will help if your child needs assistance to join: <https://www.youtube.com/watch?v=qSxNLaWm74g>

Students have an individual assignment under the classwork tab that they are to use to submit their completed work this week.

Teachers will be available to communicate with students throughout the day via the private message function on their Google assignment.

There will be a well-being check-in for students to complete each day. Please ensure your child completes this each morning before 9:30am. It will also be posted under the classwork tab on the Google Classroom.

We are working hard to develop a plan to provide and support remote learning for our students and parents moving forward and we will keep you updated.

NB: you will be advised of any changes to the remote learning period and/or organisation.

Until further notice:

- entry and exit to the site for students and employees is via Gate 2 only;
- non-essential adults are not permitted on-site;
- the canteen **IN NOT** in operation.

Thank you for your understanding and co-operation,

Steve Connelly
Principal
